KABUL MEDICAL UNIVERSITY ACADEMIC Vice Chancellery

CENTER OF EXCELLENCE AND QUALITY ASSURANCE

Introduction

Quality assurance in the university sector ensures that academic processes are of an internationally respected standard.

The quality assurance processes use evidence to check that goals are being achieved and that policies and practices are under ongoing review as part of an overall quality enhancement procedure. Certainly quality assurance compare outputs with standards and identify the weak points, it is a process of improving quality. Partners in Academic Learning (PAL) aims to significantly strengthen academic and research links between higher education institutions (HEIs) in Afghanistan.

Brief History

Center of excellence and quality assurance (CEQA) was established in KМУ in the mid of 2011 under the law of ministry of higher education. The main committee of this center which is under leadership of academic affairs of KМУ has nine members that their plans

and policies are implemented through five sub-committees in different institutions i.e. Curative medicine, Dentistry, Nursing, Public health and Allied health.

For quality assessments and evaluations of all activities, a committee named operations committee with nine members was established in 2015.

The members of committees in CEQA are selected from KМУ faculties according to academic rank, degree and work experience.

Mission

- ◆ To support and enhance the quality assurance procedure.
- ◆ To assist and evaluate assurance procedure.
- ◆ To give information and knowledge according to quality assurance policies.
- ◆ To collect data and evidence related to quality assurance.
- ◆ To have access to up to date achievements of quality assurance in international level.

Achievements

- ◆ CEQA from establishment up to now achieved positive outcomes in the field of academic activities and managements of departments by conducting workshops, training seminars and assessments.
- ◆ CEQA has positive outcomes in improving education quality by providing opportunities for lecturers to prepare Self Assessment Action plan (SAAP), Teaching Improvement plan (TIP) and feed back from students.
